

# Positive Message Poster: Design Challenge

## Here are the rules

- Design a series of **2-3 posters** that have a positive message.
- Think of it as a way to **inspire people** during this global pandemic.
  - Option: If you have time try making a video with a positive message.

## Step 1 Find a Word to Highlight on the Poster

- You will use a word as one of the graphics on the poster.
- Go to [Random Word Generator](#)
  - Select the Number of Words: 10
  - Click "Generate Random Words"
  - Use either word #4 or word #7 (or both) on your poster
- Other sites for generating words include:
  - [Word Counter](#)
  - [Words Unscramble](#)

## Step 2 Find a Quote

- The poster will also include a quote with a positive message.
- Visit [Brainy Quotes](#) and explore topics such as Positive, Inspirational, and Motivational.
- You can also try randomly generating a quote for fun by visiting these links:
  - [Random Quotes Page](#)
  - [Random Quote Generator](#)

## Step 3 Find an Image

- Your poster will include a minimum of 2 photos.
- At least one of the photos must be an original photo taken by you for this project.
- You can use an existing photo you already have for the second image.
  - Or visit a free usable image site like [Unsplash](#) for another image.

## Step 4 Put It All Together

- Use a program such as [Photoshop](#), [Pixlr](#), [Photopea](#), or GIMP to create your poster.
  - You can also use [Illustrator](#), [Vectr](#), or [Gravit Designer Pro](#) to make graphics.

**Submit by the due date to make sure you have a good workflow system at home**
